- 4:30pm **CLOSE MEETING**

Introductions
Apologies
Housekeeping
Recording

Engagement etiquette

- Be an active and respectful participant / listener
- Share air time – have your say and allow others to have theirs
- One conversation at a time
- Ensure your important points are captured
- Please let us know if you need to leave the meeting early

Ground rules for observers

- RPC members are active observers by right (as per ToR)
- Pre-approval for other observers to attend should be sought from Robyn Wynne-Lewis (prior to the day of the meeting)
- TANK members are responsible for introducing observers and should remain together at break out sessions
- Observer's speaking rights are at the discretion of the facilitator and the observer should defer to the TANK member whenever possible.

Notices and announcements

Te Taiao – Environment

Sponsored by Hawke's Bay Technologies

Awarded to an individual who embraces and practises Kaitiakitanga to protect the Environment

Aki Paipper is widely regarded as an inspirational kaitiaki and “powerhouse” behind efforts to clean up Hawke's Bay waterways.

At 75, “Aunty Aki” is dedicated to improving the health of our regional environment.

She is a member of TANK, a group of stakeholders brought

together by the Hawke's Bay Regional Council to help decide on the best way to manage the Tutaekuri, Ahuriri, Ngaruroro and Kāramu catchments.

Her particular love is the Ngaruroro River, which has always been a special part of her life.

She is also a member of the Kohupātiki Marae-based Operation Patiki, a volunteer environmental group working with DOC, Forest and Bird, and Fish and Game, to restore the Karamū Stream.

Aunty Aki is currently working on her second children's book and never loses an opportunity to organise river-based activities for children at Kohupātiki.

Napier conservationist Neil Eagles received Forest & Bird's Old Blue award on Saturday. Photo/Supplied

A Napier conservationist received a prestigious environmental award at a ceremony in Wellington on Saturday.

Neil Eagles, of Taradale, was presented Forest & Bird's Old Blue award after nearly four decades' service to the Napier branch.

Meeting objectives

1. Receive information about the social and cultural impact assessment analysis
2. Receive information about the wider economic impacts
3. Review the proposal for Trigger Flows for the Ngaruroro and Tutaekuri Rivers – discuss and identify whether there is/isn't support for this proposal. Provide alternatives and rationale.
4. Draft Plan Rules & Policy 44 – review and identify areas of consensus, understand the solutions and alternatives being sought.
5. Objectives & policies – identify any remaining concerns
6. Implementation Plan – Review and provide feedback.

Action points- Meeting 40

ID	Action item	Person responsible	Status
40.1	Annette Sweeney to speak with Tonkin & Taylor regarding the GNS report and the movement of the unconfined aquifer boundary closer to the Flaxmere bores (as suggested by Vaughan). Tom Skerman to speak to HBRC scientists also.	Annette Sweeney Tom Skerman	In progress

Social & Cultural Impact Assessment

Dr Anthony Cole
iPanspophy Limited

Wider Economic Impacts

Dr Garry McDonald
Director
Market Economics Limited

Ngaruroro & Tutaekurī Trigger Flows

Mary-Anne Baker

Ngaruroro Trigger Flow

1. The status quo trigger flow of 2400l/sec at Fernhill for restricting takes and managing any future flow enhancement schemes be adopted for the Ngaruroro River and
2. Council makes a commitment to better understanding state and trends of the indigenous fishery. HBRC will seek DOC assistance and Mana whenua input in managing this work through the implementation plan.
3. Other solutions?

Tutaekurī Trigger Flow

1. The status quo trigger flow of 2000l/sec at Puketapu for restricting takes and managing any future flow enhancement schemes be adopted for the Tutaekuri River and
2. No further water is allocated for abstraction from the Tutaekuri there is still some unallocated water within the current allocation limit.
3. The default allocation for abstraction from the Mangaone and Mangatutu be set at 10% of the MALF as a default interim measure
4. Council makes a commitment to better understanding state and trends of the indigenous fishery. HBRC will seek DOC assistance and Mana whenua input in managing this work through the implementation plan

Draft Implementation Plan

Ceri Edmonds

Purpose of the Implementation Plan

Support the policies and objectives TANK Plan Change through the provision of a set of identified actions which are

- Practical
- Achievable
- Focussed, and
- Measurable, whilst also being
 - Visionary
 - Flexible, and
 - Adaptive.

Draft Implementation Plan

Seeking committment from

- TANK Members
- Industry Groups
- Landowner Collectives – farmers, growers
- TLA's/Government Bodies
- Mana Whenua
- Environmental Organisations e.g. Fish & Game
- Community

Process – How we move forward

- Review and feedback
- Sign-up to the Implementation Plan
- Presentation to RPC alongside the TANK Draft Plan (PC9)
- Commitment sought from Council to support the initiatives (funding, resourcing, inclusion within work programmes)
- Ongoing Review of Progress – Annual
- MERI – Monitor, Evaluate, Review, Investigate

Meeting 42 – 26th July (Ellwood)

- Draft Plan (Final iteration)
 - Update on any outstanding matters
 - Highlight areas where consensus has not been reached and where referral to RPC is required.
- Draft Implementation Plan (Final iteration)
- Maps
- JWG recommendations
- Review of details/procedure of Handover Powhiri/Ceremony to RPC

Closing Karakia

Nau mai rā

Te mutu ngā o tatou hui

Kei te tumanako
