Dog owners' guide to dogs on
the goBay public transport
network

Guidelines for Dogs on Buses

Dogs and other animals are not permitted to travel on the goBay urban transport network.

However guide dogs and service dogs (specially trained dogs assisting disabled passengers) are permitted to travel on the bus, free of charge.

Guide Dogs and Service Dogs:

- Must be kept under control at all times
- Must be kept on a lead
- Must sit/stand on the floor, not on the seat of the bus

If the dog is badly behaved or aggressive, the driver has the right to refuse admission or ask the passenger to disembark at the nearest bus stop.

THANK YOU!

For using public transport and making a difference to our planet!
