

Subsidised Pest Control Products

Introduction

This Environment Topic outlines the materials available for landowners carrying out animal pest control work on their own properties.

What products are subsidised?

As part of the Regional Pest Management Strategy, subsidised pest control products are available to all rural and urban ratepayers of Hawke's Bay.

The Regional Council does not endorse any particular products, manufacturers or companies but over the page is a list of the range of products available. All products are subsidised by 50%.

Subsidised pest control products are available from all Hawke's Bay branches of Farmlands Trading Ltd and PGG Wrightson Ltd.

Do I need a licence?

The majority of subsidised products and traps do not require licences to use them. Users must however follow instructions provided by the manufacturers. In particular some products can only be used in bait stations.

Licences are required for a range of control products. Such products cannot be purchased without a license and can only be used by license holders or under the direct supervision of a license holder.

What advice and information is available?

The Regional Council's Biosecurity Advisory Team can provide advice and information on all subsidised pest control products. Staff can also assist with training on the use of equipment and products for landowners. The contact details of pest control contractors are also available for those that prefer to hire a contractor to undertake pest control work.

The subsidised products available are listed in table 1.

For further information

For further information on animal pests or the Regional Pest Management Strategy, please contact the Biosecurity Animal Pest Team at the Hawke's Bay Regional Council.

DISCLAIMER: The choice of chemical and its application [this includes method of application and rate of application] is the sole responsibility of the user. Hawke's Bay Regional Council makes no representation that the chemical will be effective in respect of any one application or a series of applications. Hawke's Bay Regional Council shall not be liable for any damages or consequential loss arising out of the choice or application of any chemical. The information contained in this Environment Topic does not necessarily appear on the labels of the products identified. The mention of product trade names implies neither endorsement of those products nor criticism of similar products not mentioned. Nothing in this Environment Topic shall be construed as a supply of any goods or services for the purposes of the Consumer Guarantees Act 1993.

Table 1: List of Hawke's Bay Regional Council Subsidised Products

POSSUM PRODUCTS

Philproof Bait Stations
Sentry Bait Stations
Kilmore Bait Stations
Possum Master
Timms Kill Trap
Pestoff Possum Pellets 10kg
Pestoff Possum Pellets 2.5Kg
