

Pōrangahau Community Meeting

30 April 2024

Agenda

Welcome/intros

Land Categorisation process

The current proposal

Raising properties

Stormwater, Upper Catchment Management

What happens next

Questions

Welcome and introductions

Hawke's Bay Regional Council team

Central Hawke's Bay District Council team

Please save questions until the end

Pathway through Categorisation

Category 2A to 2C

Viable solution identified that mitigates future flood risk and funding availability from central government is confirmed

2C will move to Category 1, on confirmation that:

A sound concept that has a consenting pathway;
and

A legal interest in favour of HBRC in the relevant land;

Available funding.

Shortlist option assessments

Option one

**Stopbanks and
raise some properties unable to
be protected**

Option two

Raise properties and/or relocate

Stopbanks

Stopbank solution

Dependent on land access

Complex engineering

Protects most of the community

Properties not protected will require solution

Over design event needs to be managed

Stop Bank A2

Stop Bank C2

Key:

-  Building Outlines
-  Stop Bank A
-  Stop Bank A Footprint (30 m)
-  Stop Bank A2
-  Stop Bank A2 Footprint (30 m)
-  Sheet Piling
-  Stop Bank C
-  Stop Bank C Footprint (30 m)
-  Stop Bank C2
-  Stop Bank C2 Footprint (30 m)
-  Stop Bank D
-  Stop Bank D Footprint (30 m)
-  Urupā Stop Bank
-  Urupā Stop Bank Footprint (30 m)
-  Land Parcels

Urupa protection

Impacts to community / CHBDC network

We're working together to assess the impacts on:

Stormwater

Wastewater

Existing and new treatment plants.

For individual properties that may be raised, we will support HBRC through the Building Consent process and implications.

Roading

New flooding impacts

Town bridge

Ensuring there is local support for the community.

Upper Catchment Management

- Wetlands, erosion and planting part of long term catchment management strategy.
- Limited ability to influence as part of project, not a major contributor to the events during the cyclone or the 100 year flood model.
- Numerous private dams destroyed by cyclone (at least 60-75 known likely more)
- Generally small in size as not subject to relevant dam regulations
- Not seen to be a major contributor in relation to the size and scale of Gabrielle.

What happens next

Next steps for category change

Timeline

Funding

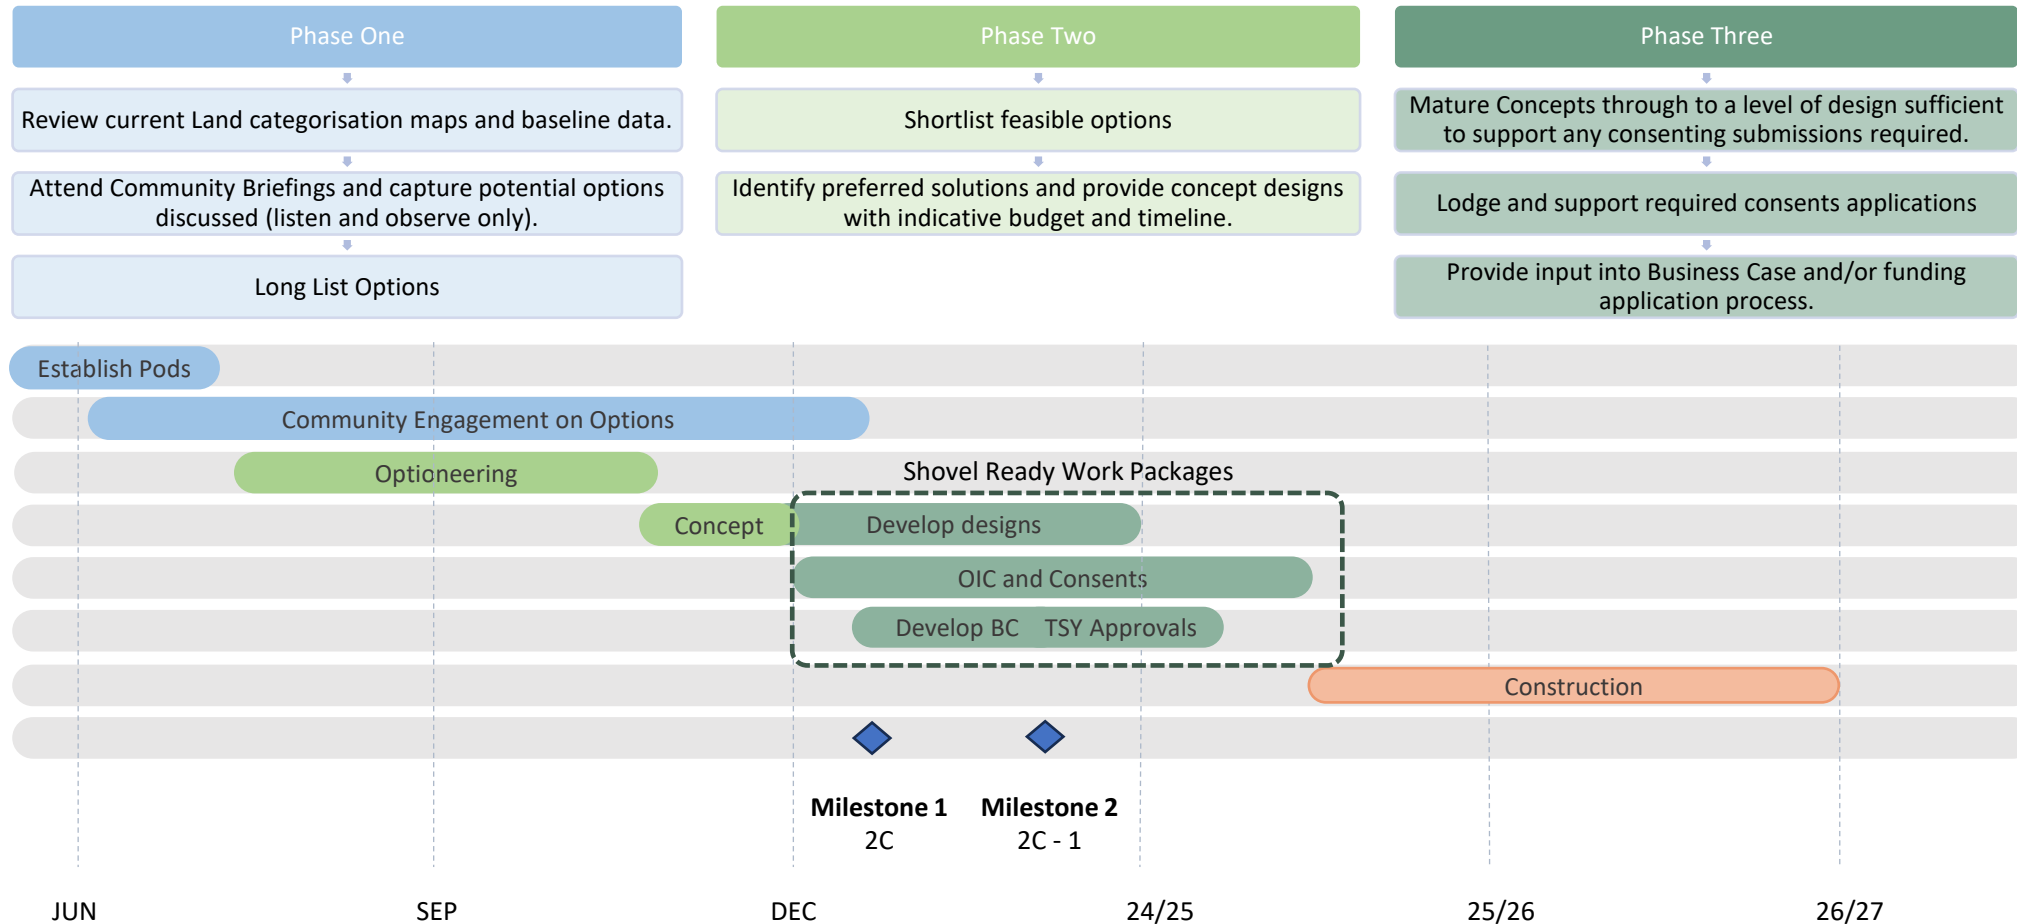

Delivery plan

Pathway through Categorisation

Category 2A to 2C

Viable solution identified that mitigates future flood risk and funding availability from central government is confirmed.

Establish a team of engineers and consultants to review current Land categorisation Mapping and assess the options for property specific and community level flood protection initiatives with a view to develop concepts for further development and funding from the regional flood protection fund.

Milestones:

1 - Move from Category 2A to 2C
 Trigger 1: Funding Pathway, which is in place, Trigger 2: Confidence in a solution that meets 1% AEP level of protection

2 - Move from Category 2C to 1
 Trigger 1: Funding Pathway- Business Case approved by TSY, Trigger 2: Confidence in specific solution to deliver 1% AEP, Trigger 3: Interest in any land required for infrastructure and/or access for operations and maintenance.

Crown Infrastructure Partners – Roadmap

Gate one – July 2024

- List of packages and projects
- Concept design
- Detailed Project Delivery Plans
 - Cost, benefits
 - Return on investment
 - Third party requirements
 - Risk and contingency.

Gate two

- Developed and detailed design specifications and cost estimate.
- Check alignment with delivery plan metrics
- Resource consent application and approval
- Contractor pricing and procurement

Questions ...

Disaster Recovery

Te Hokinga ki te Ora i muri i te Aituā

Category 2C (Community)

Definitions	Community level interventions are effective in managing future severe weather event risk.
Examples	Local government repairs and enhances flood protection schemes to adequately manage the risk of future flooding events in the face of climate change effects.
What does this mean for my claim?	No impact to claim, claim will continue to progress as normal.
What does this mean for my ongoing insurance?	<p>As done following the Westport and Edgecumbe events, insurers will continue to support communities whilst wide scale interventions are worked through.</p> <p>Should these works be deferred or be shown to have not sufficiently mitigated the risks, insurers may re-evaluate ongoing cover.</p> <p>There could be a variety of approaches from insurers, some will continue with existing terms, some may place new risks under more scrutiny than existing customers, and others, at renewal time, may be looked at on a case-by-case basis. Depending on the level of risk, normal underwriting levers would be applied – e.g., price, excess, or exclusion of some hazards until preventative work has been completed by the relevant council(s).</p>

Looking after your mental wellbeing

Te Whatu Ora
Health New Zealand

It is a normal and a very human response to feel worried and frustrated as you deal with the aftermath of Cyclone Gabrielle and other severe weather events.

Simple tips to help you cope and feel better:

- ✓ *Recognise what you're feeling right now, your emotions are a normal part of the recovery process*
- ✓ *Take it one day at a time*
- ✓ *Focus on what you can control*
- ✓ *Fill your cuppa with things that bring you joy, make some time for small everyday joyful things*
- ✓ *Have a kōrero with friends and whānau, share your thoughts*
- ✓ *Chat to a counsellor if needed – call or text 1737 for free, 24/7*

Help is at hand

Te Whatu Ora
Health New Zealand

If you could use some extra support right now or know someone who you think is struggling, there is help available.

Talk to your GP, or find a service near you at wellbeingsupport.health.nz

Free helplines

- ✓ *Chat to a trained counsellor any time– call or text 1737 for free*
- ✓ *The Depression Helpline – call 0800 111 757 or text 4202*
- ✓ *Youthline – call 0800 376 633 or text 234*

Support for farming and rural communities

- ✓ *Farmstrong, find resources at farmstrong.co.nz*
- ✓ *Rural Support Trust, call 0800 787 254 or visit rural-support.org.nz*
